FUN DAY 2017

Dear Families,

Our Year 6 students have been busily planning for our annual Fun Day which is on Friday 20 October this year. The Year 5 children in Ms Carrie Webster's class have been assisting them with this process.

The Fun Day is an opportunity for the Year 6 students to fundraise for a gift which will be presented to the school upon their departure. They are required to plan, organise and run a variety of activities for the other students of Gilmore Primary School. Fun Day has the atmosphere similar to that of a small fete. Students across the school have the opportunity to purchase and spend tokens on stalls, or they can simply enjoy Fun Day by watching the various activities. At the stalls, children will be able to buy something, or take part in an activity/competition that will have overall winners and prizes.

Students have been planning their stalls and writing lists of equipment that they need to run their stall. The majority of this equipment will be provided by the school, but additional resources such as lollies, coloured hairspray, chocolates (for prizes), and balloons will need to be purchased by the students, with your support. Items can be stored in the wet area of Robin Klein from week one next term.

Parents/carers are more than welcome to come to school during the middle session to enjoy Fun Day with their children.

If you have any further questions regarding Fun Day activities, please feel free to contact either Carrie Webster or Vicki Lucas at the school.

Kind Regards

Carrie Webster
Year 5/6 teacher
