

# Borrowing and Returning e-Books using ORBIT

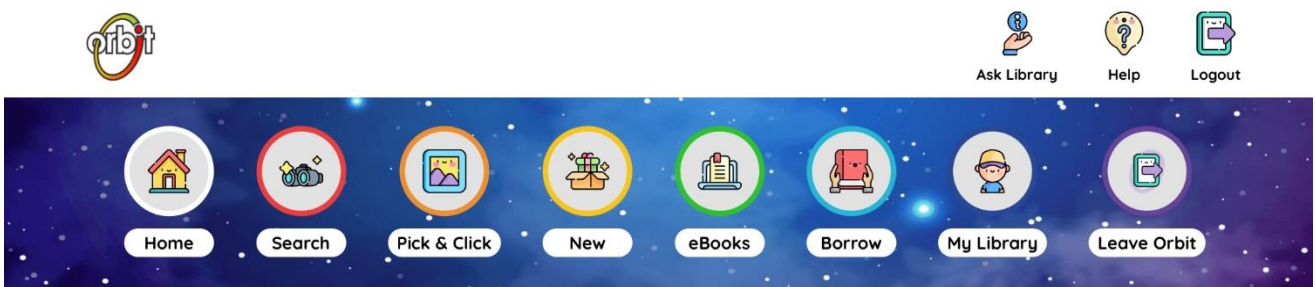

Borrowing e-Books can be done at school or at home. You will need to allow pop-ups for [www.library.ed.act.edu.au](http://www.library.ed.act.edu.au) and you will need to know your **student username** and **password**

Visit the school's website: [www.gilmoreps.act.edu.au](http://www.gilmoreps.act.edu.au)

Select **Digital Backpack** from the menu bar. This will take you to [backpack.ed.act.edu.au](http://backpack.ed.act.edu.au), where you can select **Oliver**. Click on the **Orbit icon** at the top right corner of the Oliver page.

The **Orbit menu bar** will look like the screenshot below. Click on **Search**. You will then be able to find a book by typing a word, subject, genre, title, author or series.

You can then **target your search** to an e-Book and click on one of the **book covers** displayed with a tick. Click on **borrow** from the next page that appears. The e-Book will open for reading.

To return an e-Book, go back to the **Orbit menu bar** and click on **My Library**. Your loans will be listed and if you have finished reading the book, click on the **return** button.
